Volume 4 Issue 29

Summer Term 1 May 2026

It is hard to believe that we are already in May. This year is zooming by. We have had another lovely week of weather too (although it sounds like it may change for the Bank Holiday weekend!)

We have had class photos today. Everyone looked so smart for the occasion. As soon as we have the proofs, we will send them out so you can take a look.

Even though we only have four days next week, we have a packed calendar. On Tuesday, Year 1 will be going on a trip to Shepreth Wildlife Park and on Friday, it is The Robins class assembly. In addition to this, Year 6 are in their final week of revision. SATs begin on Monday 11th May and run until Thursday 14th May. They have a trip planned for the Friday of that week - this will be a great reward for all their hard work!

All that is left to say is have a lovely long weekend!

See you on Tuesday!

Glebelands People

These are posted on our school website the weekend after the children have been awarded their stickers in assembly, so please take a look!

Breakfast / After-School Club

If your child needs to attend any of the breakfast / after-school club sessions, can you please ensure that the required sessions are booked on their Arbor account. This is essential to ensure that we have the correct adult/child ratio to look after your children. Also, please remember that all sessions must be paid for at the time of booking. Thanking you in advance.

Y1: Our new GPC is oe eg: toe, goes, tomatoes

Questions of the week

We are aware that sometimes it is tricky for children to talk to parents about their learning from the week or that sometimes you get the answer "nothing" when asking children what they've learned at school. Therefore, we are going to provide a prompt question for each year group every week, that you can ask your child and get them talking about their amazing learning.

EYFS: How does a letter get from the post box to someone's home?

Year 1: Who was Mae Jemison?

Year 2: What is a verb?

Year 3: How are shadows made?

Year 4: What will happen to a bulb in a closed circuit?

Year 5: Can you convert these fractions into their decimals?
2/5, 1/2 and 3/4

Year 6: Can you name different systems within the human body?
